

Carryover colorway

You can select a non-assorted colorway from a previous seasons to be added to the current season. The style of the colorway either exists in the catalog or not. Depending on this, you are either asked to add the style information to the catalog if it does not exist, or only add the colorway attributes.

To carryover a colorway, follow these steps:

1. View the colorway then click the Add colorway + button in the lower part of the window for the period you want, the following field appears:

The screenshot displays a software interface for managing colorways. On the left, a bar chart titled 'SKUs' shows the number of SKUs for three seasons: SS24 (10), FW24 (2), and SS25 (7). On the right, the 'Colorway Details' section for 'SS24 / 1383494-311 / Architecture' is visible, including a camera icon and a 'Colors' panel with fields for 'COLORED UP BY', 'COLORED UP DATE', 'PRIMARY COLOR', and 'SECONDARY COLOR'. At the bottom, a table lists colorways across seasons (SS24, FW23, SS23, FW22, SS22) and quarters (Q1, Q2, Q3, Q4). A red box highlights an 'Add Colorways' dialog box with the number '0' entered and a checkmark button.

2. Enter the number of placeholders you want to create then click the checkmark next to the field, the button changes to Edit and you can update the number,
3. Click **Save**, the following window appears:
