

Request to add colorway

You can add colorways to existing styles by selecting one or more of the linked styles from previous seasons and carryover the style colorways which are not assorted already to the current season. To add colorways to a style, follow these steps:

1. Right-click the style you want then select Request to add colorways, the following window appears:

The screenshot shows a dialog box titled "Request To Add Colorways To This Style" with a close button (X) in the top right corner. Below the title is a prompt: "Please enter value for colorway attributes". The dialog contains a table with the following columns and values:

COLORWAY	PERIOD	RETAIL INTRO MONTH	RETAIL EXIT MONTH	SHIPMENT START DATE	SHIPMENT END DATE	MASTER PRODUCT
Placeholder 1	6M	Jan (12/20 Start S...	Jun (6/19 End Ship)	20 Dec 2023	19 Jun 2024	Inline

At the bottom of the dialog, there is a progress bar and two buttons: "Cancel" and "Next". On the left side of the dialog, a sidebar is visible with various icons and a list of categories: Adult Un..., Boys, Girls, Mens, Unisex, Womens, and Youth Un...

Notes:

- The default values for period, retail intro month and retail exit month can be configured based on criteria and displayed in the respective fields.
- Request attributes can be configured to be displayed in the colorway attributes window on the right-hand side as shown in the below example:
