

Similar style request

You can add a request to add similar style and enter the number of colorways. Separate requests are created depending on the number entered. The style name should be entered. To do so, follow these steps:

1. Right-click the colorway you want then select “Similar style request”, the following window appears:

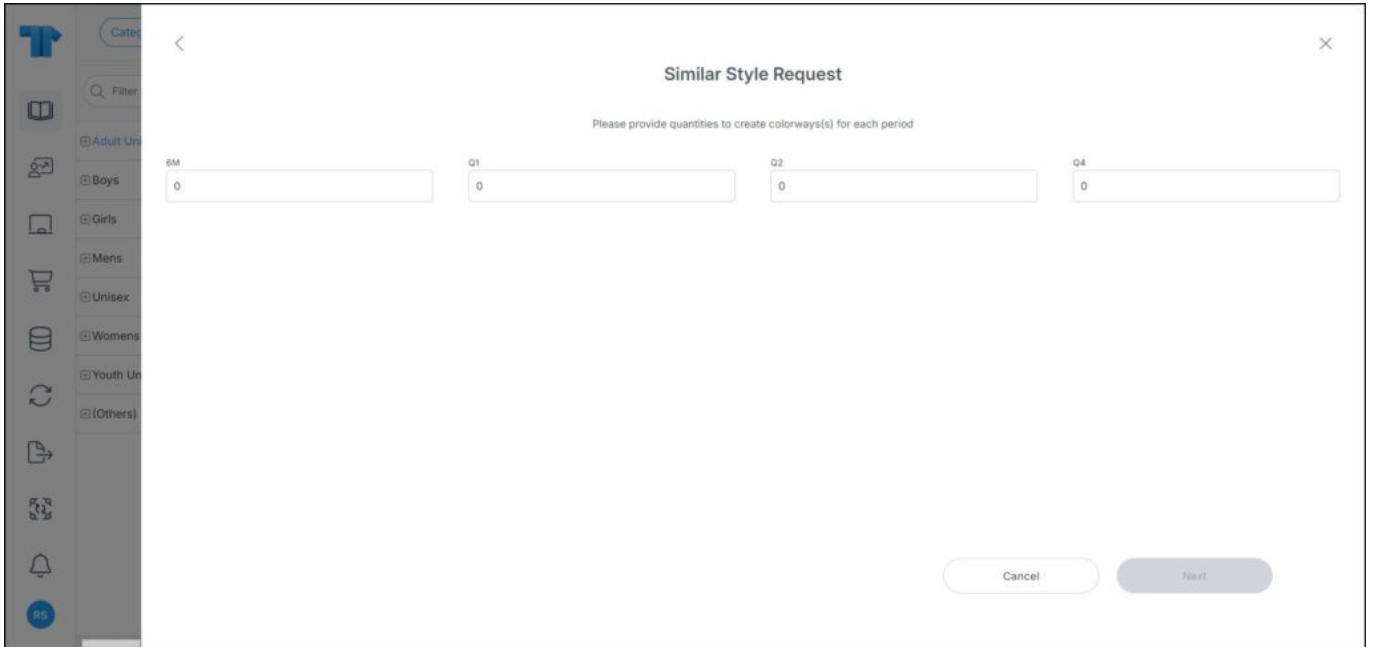

The screenshot shows a 'Similar Style Request' dialog box. The title is 'Similar Style Request' and there is a close button (X) in the top right corner. Below the title, it says 'Please enter value for style attributes'. The form contains the following fields:

SOURCE STYLE NAME	SOURCE STYLE NUMBER	* STYLE NAME	* GENDER
Unisex Bandana	1383494	Bandana unisex X	
* MERCH MOMENTS	* SIGNATURE COLLECTION	* SIZE GROUP (AGE GROUP)	* DIVISION
N/A	N/A	Adult	Accessories
* MERCH DEPARTMENT	* MERCH CLASS	* MERCH SUB-CLASS	* SUB-CATEGORY (END USE)
Other	Equipment		Train
* TOTAL NO. OF COPIES			
1			

At the bottom right, there are two buttons: 'Cancel' and 'Next'.

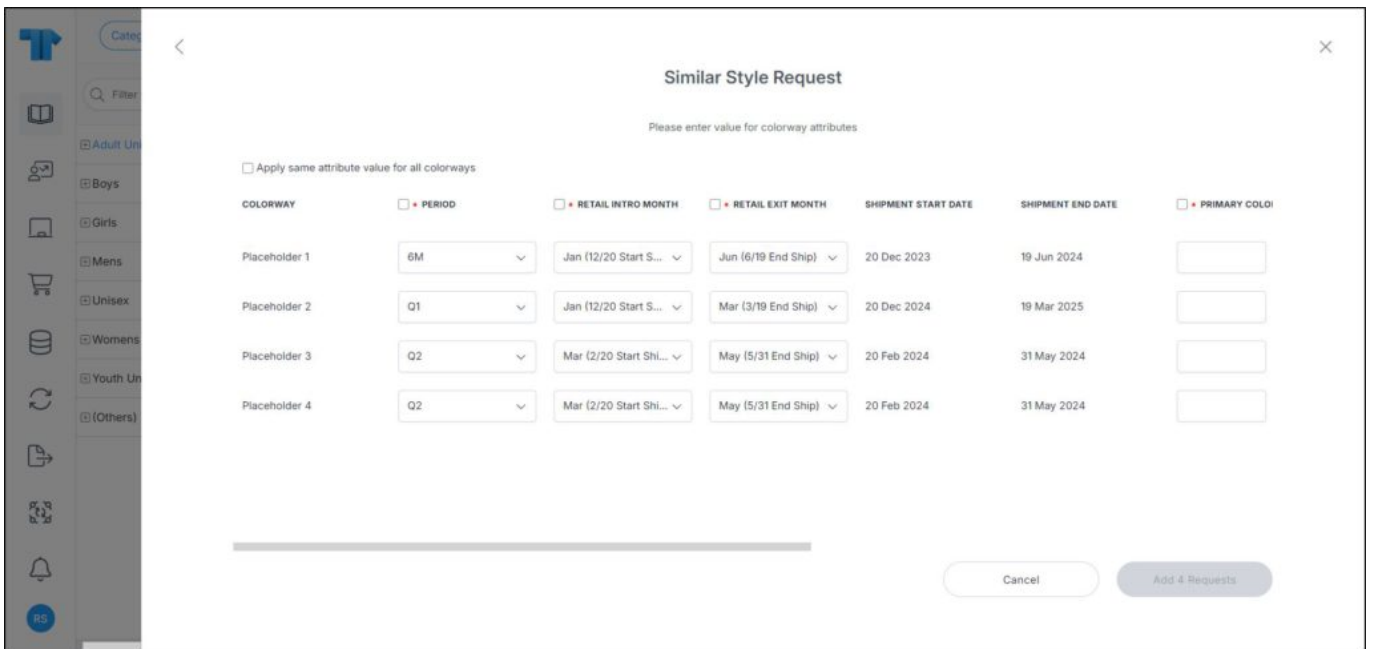

Source style name and number are displayed and cannot be changed.

2. Fill the style level attributes as configured at the catalog level,
3. Enter the style name,
4. Enter the number of copies which specifies the number of colorways to be created, if you want,
5. Click **Next**, the following window appears:

You can click the back arrow to return to the previous window.

6. Enter the number of colorways to be created for each period, then click **Next**, the following window appears:

7. Fill the colorway attributes for the placeholders, if they are configured for the selected catalog, you can click the checkbox next to the attribute to copy the value entered in

the first record to all records, or click the checkbox next to “Apply same attribute values for all colorways” to copy the entered value of all the seasonal attributes to all colorways,

8. If the request attributes are configured to be displayed within the same window, they are displayed to the right-hand side as shown in the below example:

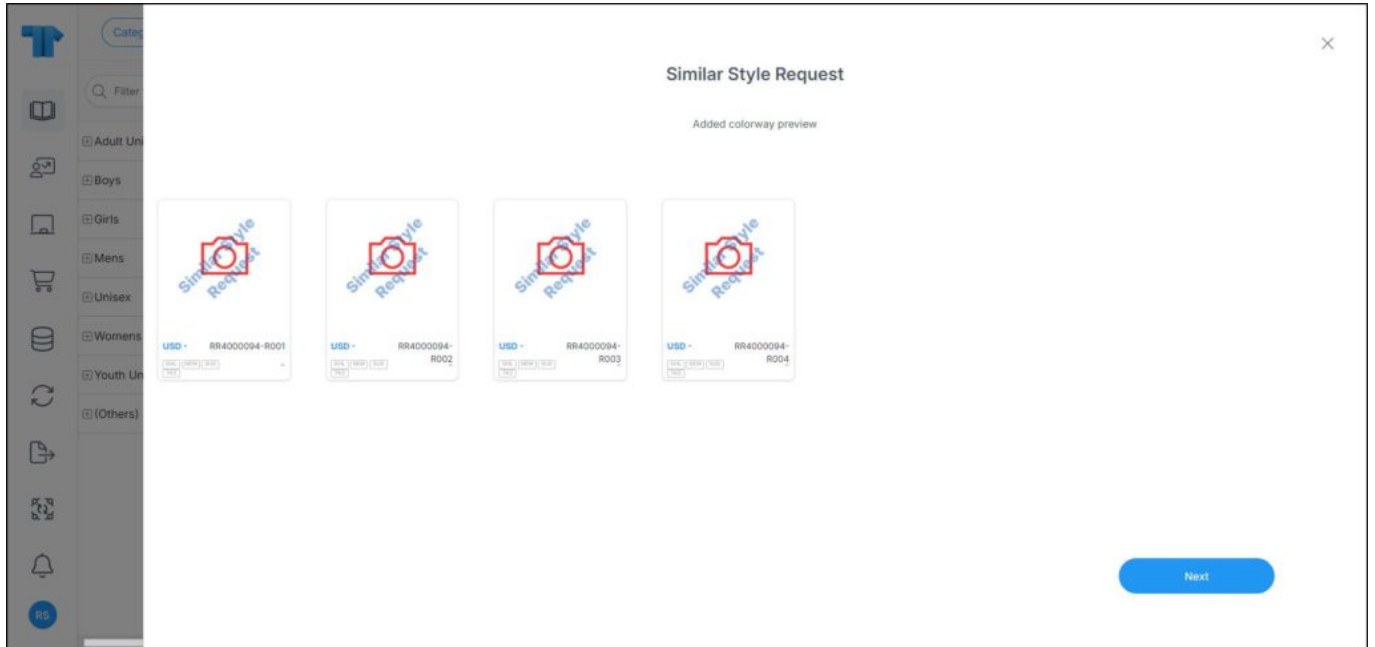

COLORWAY	PRIMARY COLOR	<input type="checkbox"/> EXCLUSIVE ACCOUNT ...	<input type="checkbox"/> MASTER PRODUCT LINE	<input type="checkbox"/> REQUESTED MSRP	<input type="checkbox"/> COMMENTS	<input type="checkbox"/> UNITS
Placeholder 1	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Placeholder 2	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Placeholder 3	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Placeholder 4	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

You can click the checkbox to set the same values to multiple placeholders.

Note:

- The default values for period, retail intro month and retail exit month can be configured based on criteria and displayed in the respective fields.

9. Click the add button, colorways are added as shown in the below example:

Separate request placeholders with the suffix R00x are displayed with a watermark. You can click **Next** to go back to the colorway list. Actions on the colorway requests is discussed in "[Request actions](#)".
