

Targets summary

You can generate targets summary for all catalogs depending on the Target definition in T1. Below is an example:

The screenshot shows a table titled "Targets Summary" with a close button (X) in the top right corner. Below the title is a toolbar with a selection icon, a blue button labeled "0 of 1 Selected", a filter icon, a table icon, and a refresh icon. The table has the following columns: Gender, UA Division, SKU Targets, SKU TTL TY, SKU TTL LY, SKU % Change LY, Style Targets, Style TTL TY, Style TTL LY, and Styl. The first row of data contains the values: 600, 700, 800, 0, 0, N/A, 900, 0, 0, and N/A.

<input type="checkbox"/>	Gender	UA Division	SKU Targets	SKU TTL TY	SKU TTL LY	SKU % Change LY	Style Targets	Style TTL TY	Style TTL LY	Styl
<input type="checkbox"/>	600	700	800	0	0	N/A	900	0	0	N/A

You can also filter and sort values.
