

Manage colorways

Colorways can be added to slides in different ways. You can either use the Insert menu to add the colorway number or paste the copied numbers or use the catalog browsing pane on the right.

Add colorway to slide

To add the colorway to the slide, follow these steps:

1. Select “Colorways” from the **Insert** menu, the following window appears:

A screenshot of a dialog box titled "Add Colorways" with a close button (X) in the top right corner. Inside the dialog, there is a text input field with the placeholder text "ENTER COLORWAY NUMBER". Below the input field, there are two buttons: a "Cancel" button and a "Confirm" button. The "Confirm" button is blue and highlighted.

2. Enter the colorway numbers each on a separate line or paste a list of colorway numbers, then click **Confirm**, its thumbnail is added to the slide as shown in the below example:

The colorway thumbnail is added to the slide. You can resize it, change its position, rotate it, and add the article details.

Add colorway using catalog browsing pane

You can view colorways within the catalog browsing pane and add them to the selected slide. Different tabs are available, i.e. Colorways, Tree, and Filter. To add colorways, follow these steps:
