

Sign in to T1 Studio Web

In order to use T1 Studio Web, you need to sign in to the system with your credentials. Login types are different, it is either by password or by Active Directory credentials as mentioned below.

Sign in using Active Directory

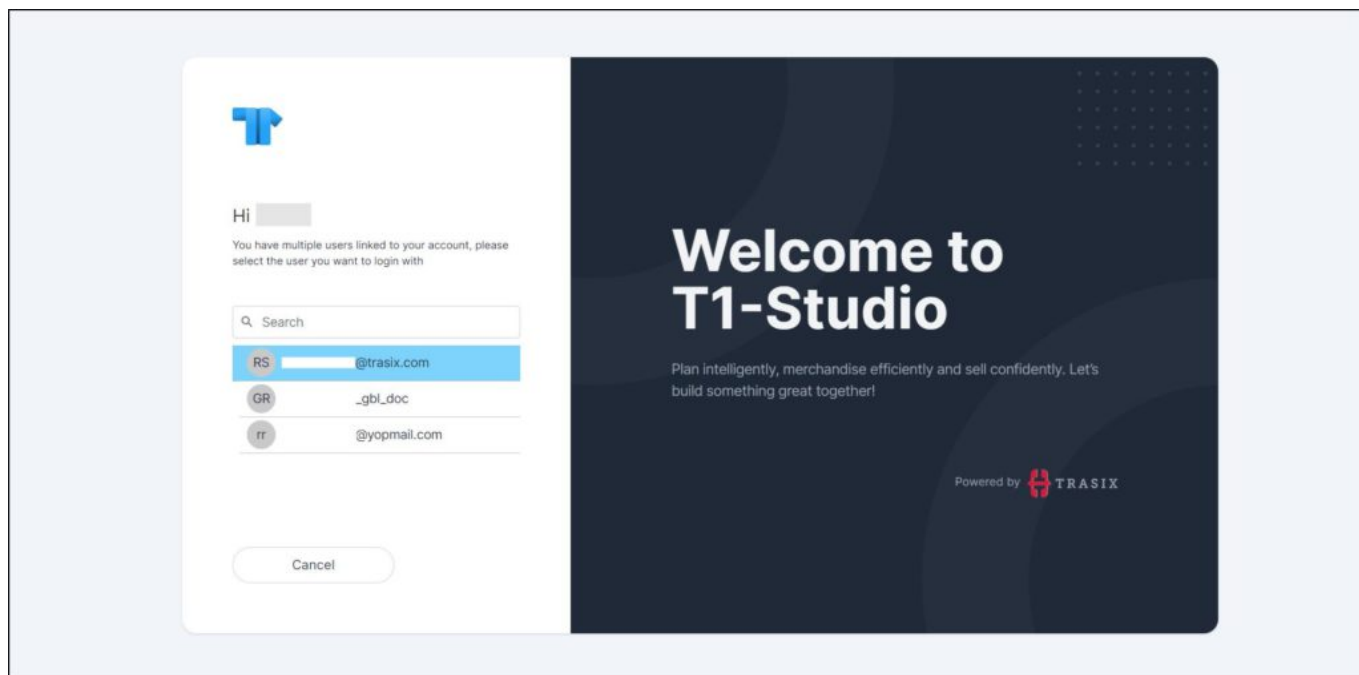

To sign in to T1 Studio Web using your Active Directory, follow these steps:

1. Open the designated link, the following page opens:

2. Enter your email address and click **Next**, the Active Directory login screen pops up, if you want to keep your information saved, click the checkbox next to Remember me,
3. Enter your credentials then click **Sign In**.

If you have more than one account, the following page appears to enable you to select the user you want:

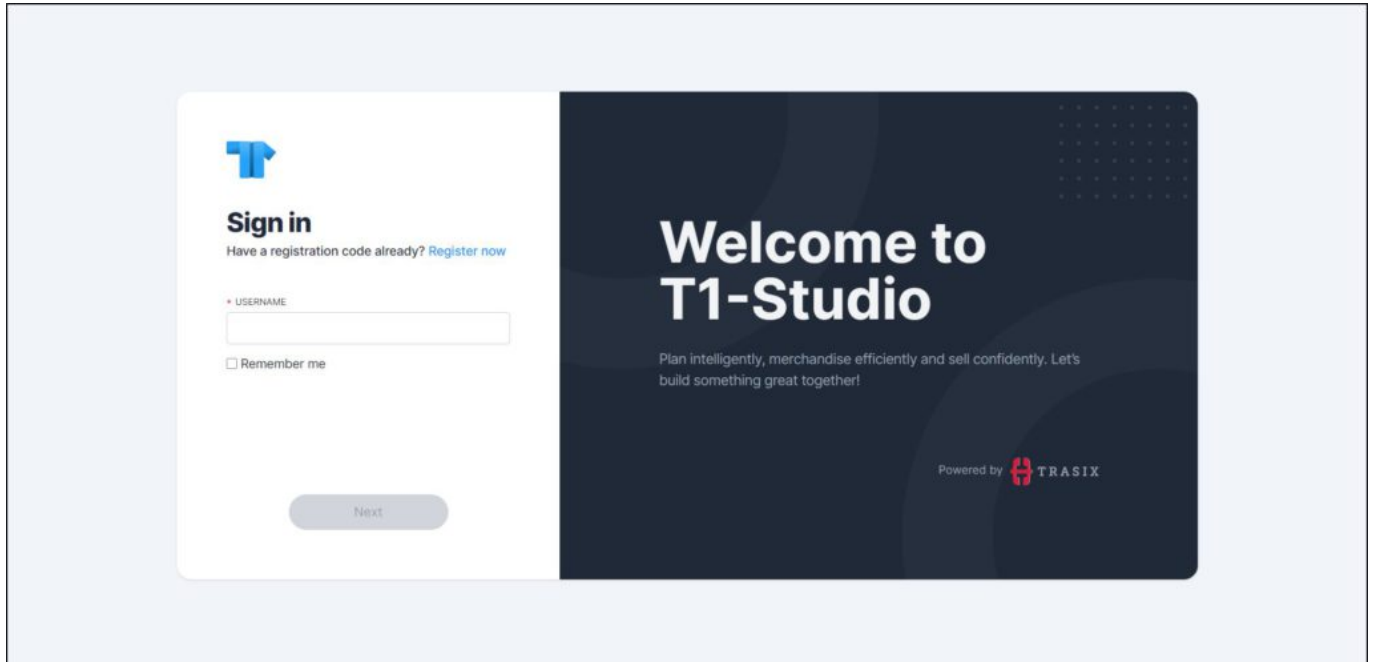

Select the account you want.

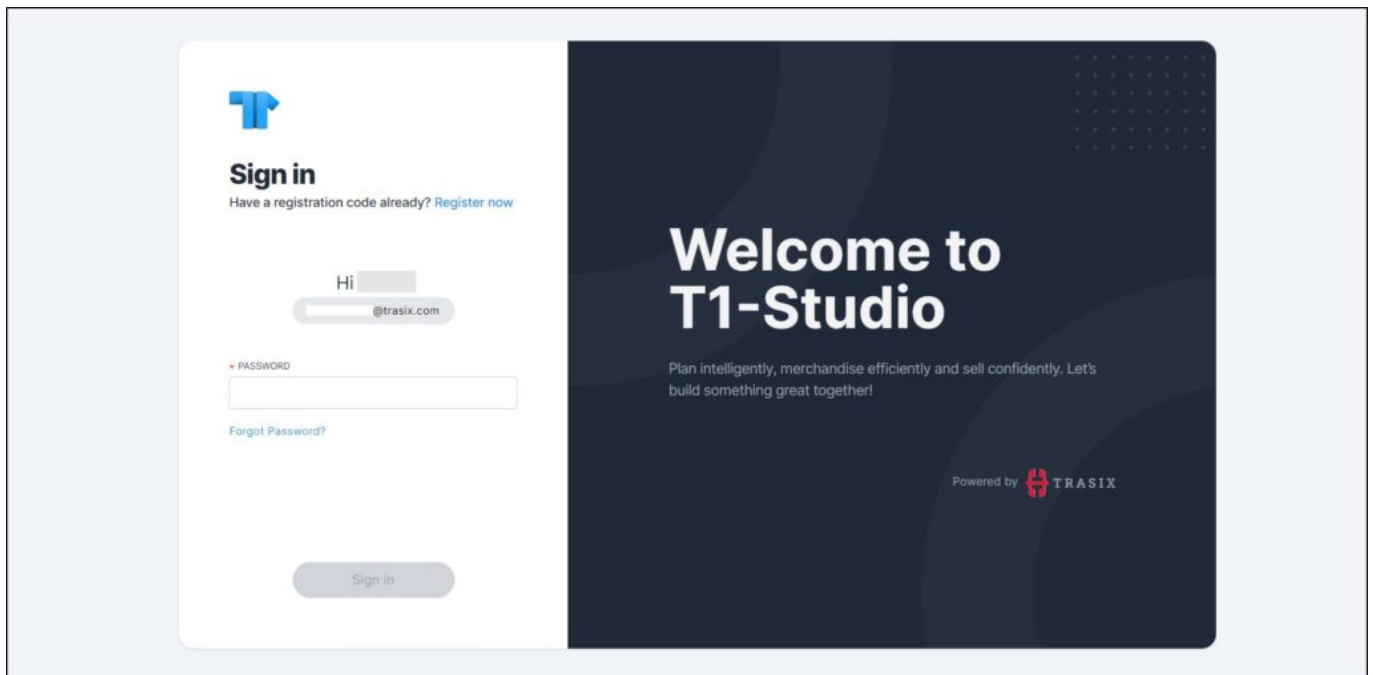

Sign in using password

To sign in to T1 Studio Web using your password, follow these steps:

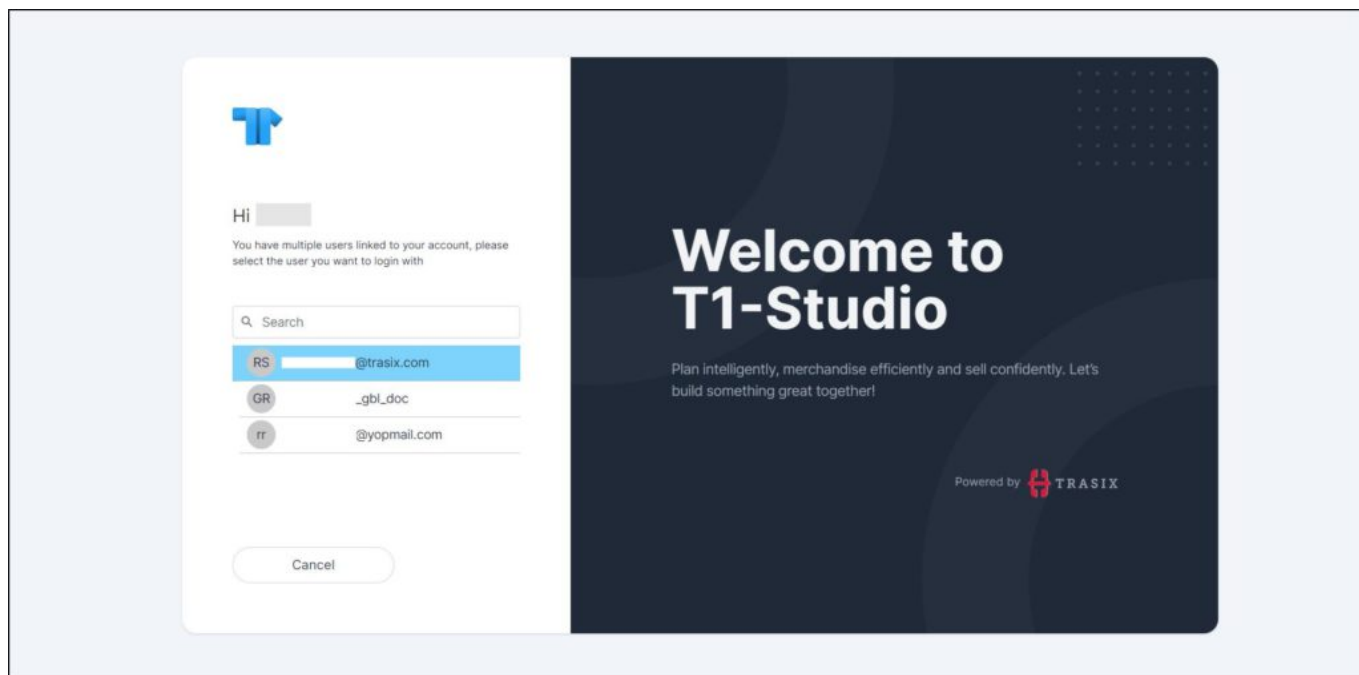

1. Open the designated link, the following page opens:

2. Enter your username, the **Next** button is activated, you can click the checkbox next to *Remember me* to save your username,
3. Click **Next**, the following page appears:

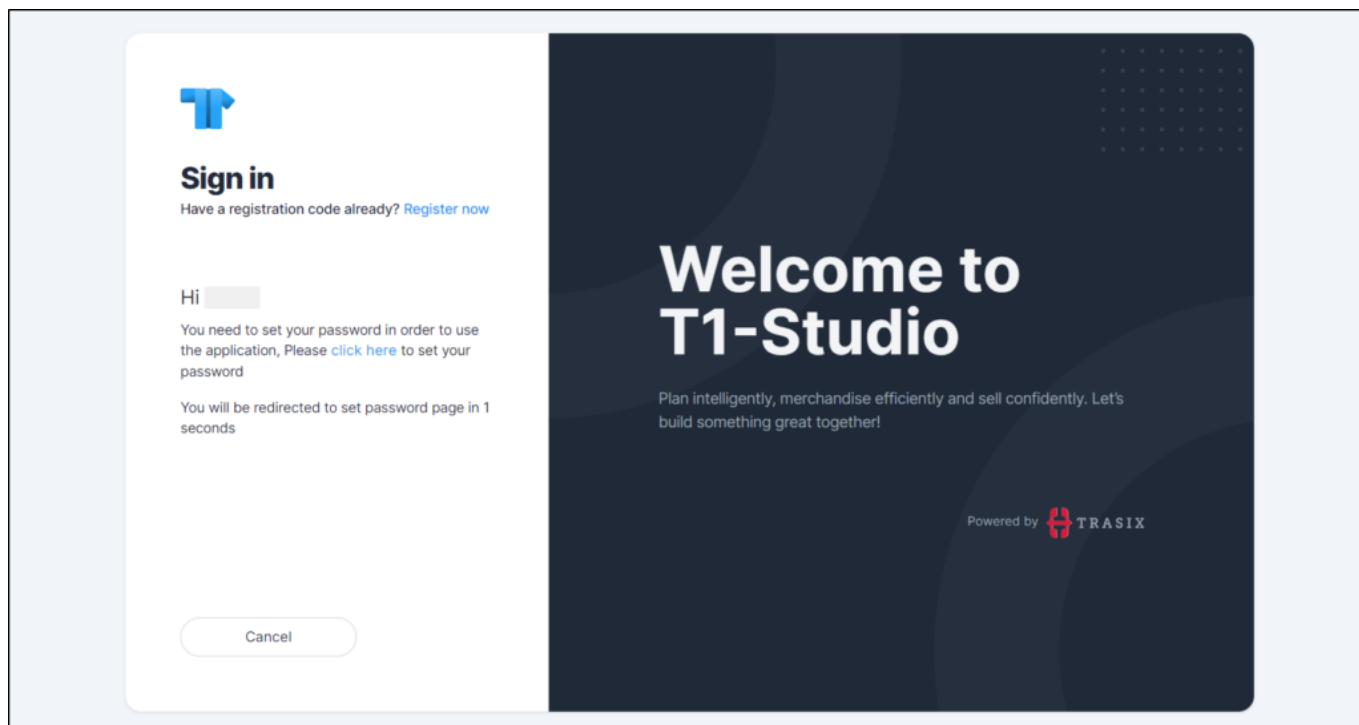

4. Enter the password then click **Login**, if you have more than one account, the following window appears to enable you to select the account you want:

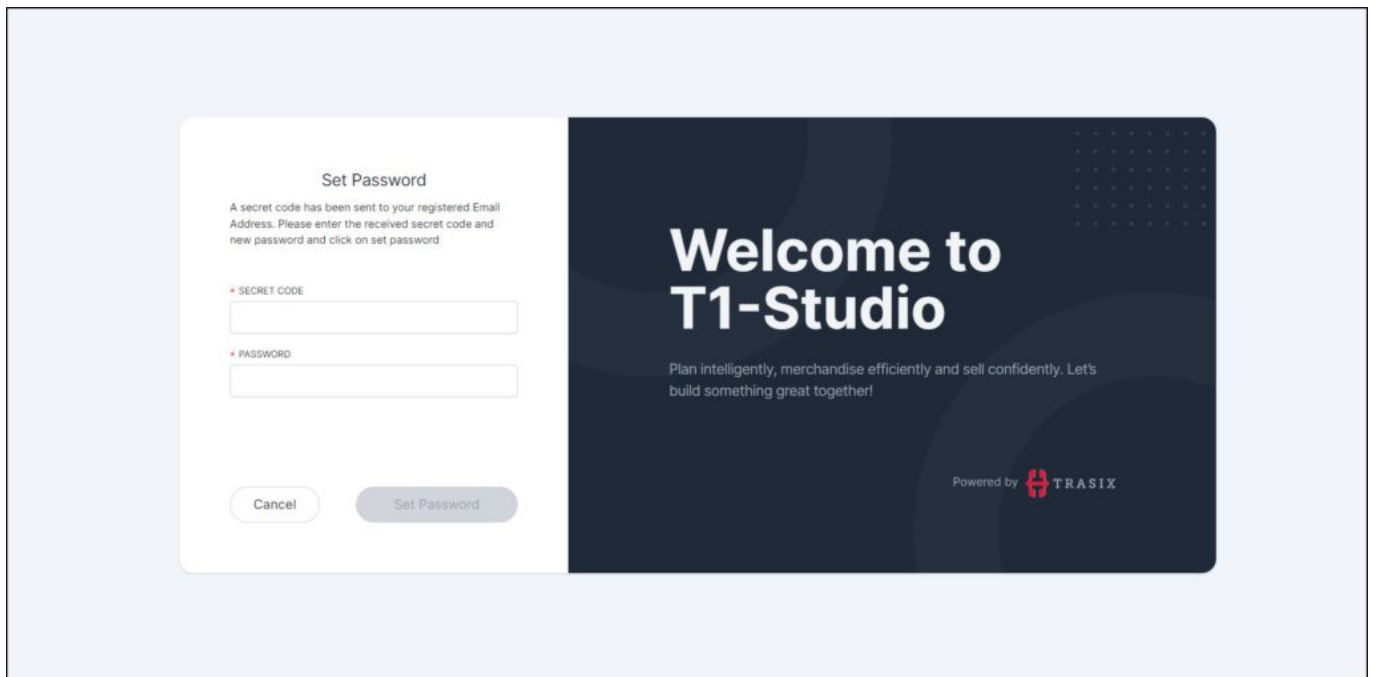

4. Select the account you want, the catalog selection page appears.

If this is the first time you sign in to T1 Studio Web, the following page appears:

You need to set your password by following the steps below:

1. Click the link to set your password, the following page appears:

The screenshot shows a 'Set Password' interface. On the left, a white card contains the title 'Set Password' and a message: 'A secret code has been sent to your registered Email Address. Please enter the received secret code and new password and click on set password.' Below this are two input fields: one for 'SECRET CODE' and one for 'PASSWORD'. At the bottom of the card are two buttons: 'Cancel' and 'Set Password'. To the right of the card is a dark blue background with the text 'Welcome to T1-Studio' in large white letters. Below this is the tagline 'Plan intelligently, merchandise efficiently and sell confidently. Let's build something great together!'. In the bottom right corner, it says 'Powered by TRASIX' with a red logo.

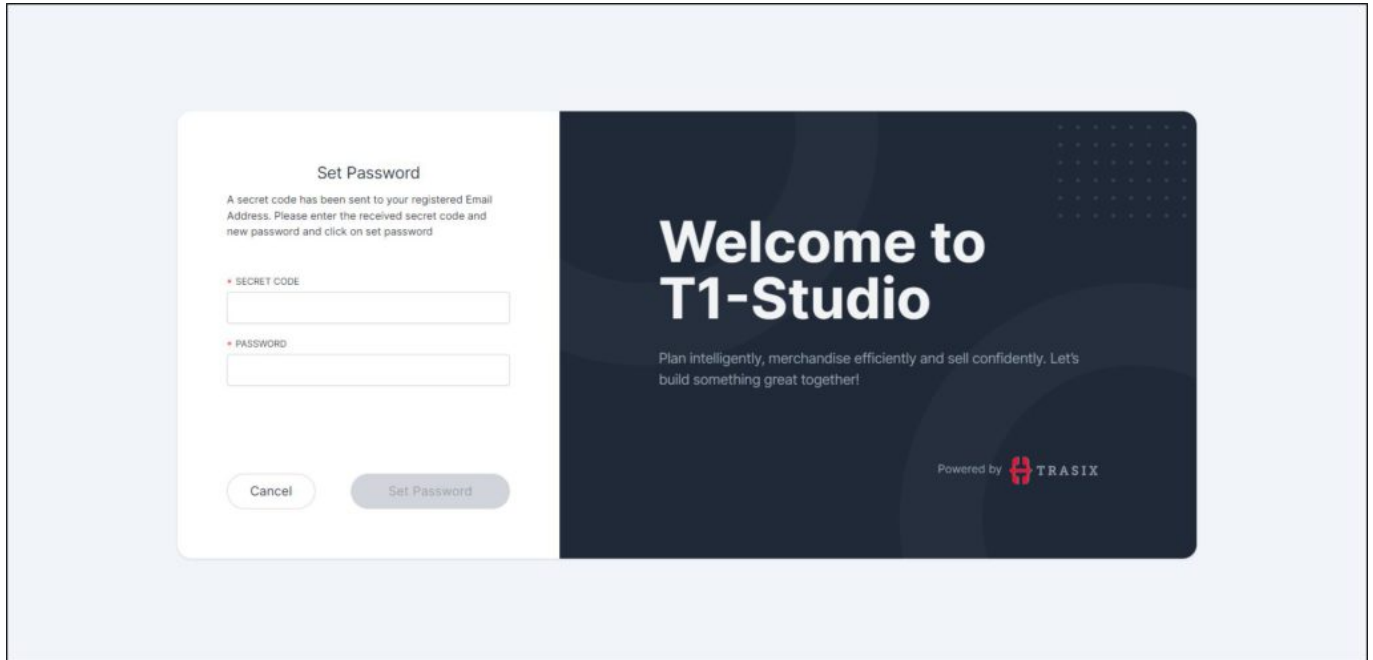

An email will be sent to you containing a secret code.

2. Enter the secret code and the password you would like to assign your account, your password should be a minimum of 5 characters and a maximum of 50, and can include any letter, number and special characters,
3. Click **Set Password**, your password is set.

Forgot Password

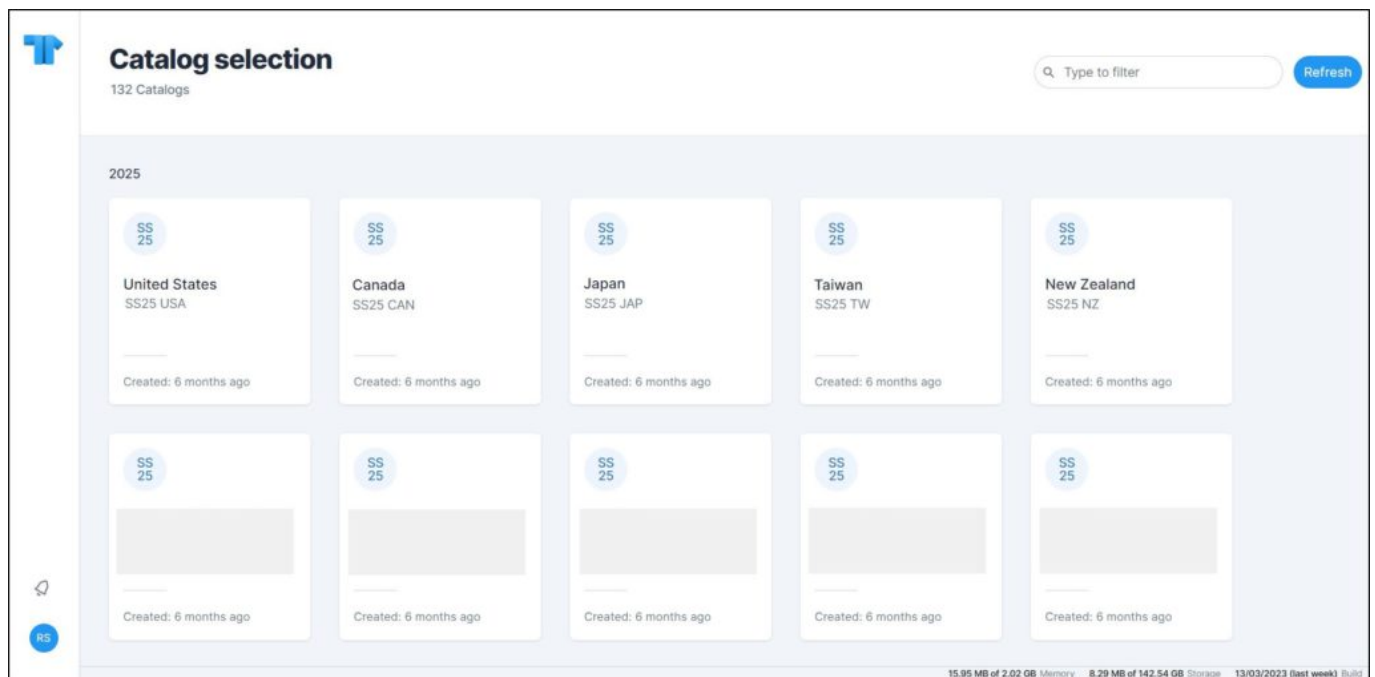

If you cannot remember your password, follow these steps to reset it:

1. Click *Forgot Password?*, the following page appears:

2. Enter the secret code you received by email and the new password you want to set for your password,
3. Click **Set Password**, you can sign in using your new password. Same steps should be followed if the system admin resets your password.

T1 Studio Web window appears as shown below:

All the active catalogs assigned to you are displayed. Catalogs are grouped by year. You can filter catalogs by entering any part of the catalog name in the filter field. You can refresh the list of catalogs by clicking the **Refresh** button.

To logout of the application, select **Logout** from the button that displays your initials on the left-hand side.

The following sections discuss all the actions you can perform.

Note:

- If you have more than one account, you can switch between your different accounts without logging out of the system. To do so, click your username from as shown in the below example:

When you click the account, you are redirected to the account selection page.
