

Share board

You can share the board with users and user groups. To do so, click the **Invite users** button next to your initials, the following window appears:

Click the group(s), or user(s) to which you want to share the board, or click **Add All** to share with the whole list, then click **Confirm**. A message appears on the page informing you that the board is shared successfully.

You can remove a user by clicking it from the Selected users section or click **Remove All** to clear the list of selected users. You can unshare the slide by removing the selected users then clicking **Confirm**.
