

Edit colorway color

You can update the color assigned to colorways either for an individual colorway or multiple ones.

Edit single colorway color

To update the color for one colorway, select “Edit record” from the Actions menu next to it you want to update, the following window appears:

The screenshot shows a modal window titled "Edit Record" with a blue header bar containing a close button (X). Below the header is a search bar with a magnifying glass icon and the text "Search". Underneath the search bar are two input fields. The first field is labeled "Colorway Number*" and contains the text "1379446-P01". The second field is labeled "Color Name*" and contains the text "White". Both fields have a small "X" icon to their right. Below these fields is a "Print" toggle switch, which is currently turned off. At the bottom right of the window are two buttons: "CANCEL" and "SAVE".

Update the color or the slider button then click **Save**.

Edit multiple colorway colors

To update multiple colorway colors, click the checkbox(es) next to the colorways for which you need to change the color then click , the following window appears:
