

Edit colorway state

To edit an colorway state, display the state then click the **Edit** button, or select Edit record from the Actions menu next to the state you want, the following window appears:

The screenshot shows a dialog box titled "Update Colorway State" with a close button (X) in the top right corner. The dialog contains the following elements:

- State Name ***: A text input field containing "Production".
- Is Default**: A toggle switch, currently turned off.
- Assign Final Colorway/Style Number**: A toggle switch, currently turned off.
- Required Attributes**: A list of five attributes, each in a grey pill-shaped button with an 'X' on the right: "Age Group", "Collection", "Colorway", "Fabric", and "Gender".
- Non Editable Attributes**: A section with a header "Non Editable Attributes" and a list of attributes. The first attribute is "Fabric", which has a grey pill-shaped button with an 'X' on the right. To its right is a toggle switch labeled "Allow Change Request", which is currently turned off.
- Buttons**: At the bottom right, there are two buttons: a dark grey "CANCEL" button and a blue "SAVE" button.

Update any of the displayed information then click **Save**.
