# Activate color definition

To activate any of the deleted colors, follow these steps:

1. Select the color you want to activate by following any of these methods:

   - Select "Activate Record" from the Actions menu next to the color you want to activate,
   - Click the checkbox on top of the records to select all colors then click the **Activate** button,
   - Click the checkbox(es) next to the colors you want then click the **Activate** button,

The following message appears showing the number of selected records:

2. Click **Activate Record** to confirm activating the color. Its status changes to "Active".
