

Add attribute vetting list

To add the list of values for an attribute, follow these steps:

1. Click , the following window appears:

The screenshot shows a 'New Record' dialog box with a blue header bar containing the title 'New Record' and a close button (X). The main content area is white and contains three input fields: 'Attributes', 'Values', and 'Criteria'. The 'Values' field has a placeholder text 'Use enter to add value'. At the bottom of the dialog, there are three buttons: 'CANCEL', 'SAVE', and 'SAVE AND NEW'.

2. Select the attribute to which you want to add values,
3. Enter the value(s) then press Enter, it appears as shown in the below example:

The image shows a 'New Record' form with a blue header bar containing the title 'New Record' and a close button (X). The form is divided into three main sections: 'Attributes', 'Values', and 'Criteria'. The 'Attributes' section has a text input field with 'Color' entered and a close button (X). The 'Values' section has a text input field with three tags: 'Black x', 'White x', and 'Blue x', followed by the text 'Use enter to add value'. The 'Criteria' section has an empty text input field. At the bottom of the form, there are three buttons: 'CANCEL' (dark grey), 'SAVE' (blue), and 'SAVE AND NEW' (blue).

4. Enter the criteria you want in JSON format, if you want this attribute to be dependent on another attribute or more,
5. Click **Save** to add the values and close the window or **Save and New** to save it and open a new window.
