

Add price group

To add a price group, follow these steps:

1. Click , the following window appears:

The screenshot shows a 'New Record' window with a blue header bar containing a close button (X). Below the header is a search bar with a magnifying glass icon and the text 'Search'. The main form area contains several fields and controls:

- Name ***: A text input field with a red underline and the text 'Field required' below it. To its right is a character count '0 / 50'.
- Description**: A text input field with a character count '0 / 100'.
- Currency ***: A text input field.
- Editable**: A toggle switch next to the 'Currency' field.
- Colorway State To Lock Price Group**: A text input field.
- Allow Change Request For Price Group**: A toggle switch next to the 'Colorway State' field.

At the bottom of the window are three buttons: 'CANCEL' (dark blue), 'SAVE' (light gray), and 'SAVE AND NEW' (light gray).

2. Enter the name of the price group,
3. Enter the description, if you want,
4. Click the "Currency" field and select the currency for the price group,
5. Click the slider button next to *Editable*, to allow assigning values for article prices under this price group,
6. Select the state if you want to prevent users from changing the price for colorways with this state or a later one,
7. Click the slider next to *Allow change request for size scale*, if you want change requests to be created for size scale changes, a message appears informing the user that a change request should be created,
8. Click **Save** to add the group and close the window, or **Save and New** to add it and open a new window. The price group is added to the list.
