

Delete stock definition

To delete a catalog stock definition, follow these steps:

1. Select the stock definition you want to delete by following any of these methods:
 - Select “Delete Record” from the Actions menu next to the stock definition you want to delete,
 - Click the checkbox on top of the records to select all the records then click the **Delete** button,
 - Click the checkbox(es) next to the records you want then click the **Delete** button,

The following message appears showing the number of selected records:

2. Click Delete Record to confirm deleting the stock definitions. Its status changes to “Inactive”. You can activate the deleted records by following the steps mentioned in [“Activate stock definition”](#).
