

## Edit configuration value

To update the value of any of the catalog configurations, select Edit record from the Actions menu next to it, the following window appears:

The 'Edit Configuration' window features a blue header with the title 'Edit Configuration' and a close button (X). The main area contains a text input field labeled 'Value\*' with the value '[1,2,3,4,5,10,11]'. At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'.

If the configuration is of type Boolean, a slider is displayed as shown in the below example:

The 'Edit Configuration' window features a blue header with the title 'Edit Configuration' and a close button (X). The main area contains a toggle switch labeled 'Value', which is currently turned on (blue). At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'.

Update the values as required, then click **Save**.
