

# Restrict retail windows

Through this tab you can restrict retail windows for a specific role and specify whether you want to allow this role users to view or edit retail windows. Go to **Restrict retail windows** tab, the following page appears:

<div><div></div><div></div><div></div><div>0 of 2 Selected</div><div></div><div></div></div>					
Role Id	Role Name	Not Editable	Not Viewable	Account Type	Actions
3	Inputter	True	False	Buyer	
31	Read Only Buyer	True	True	Buyer	

Roles are listed, for each role, whether retail windows are editable or viewable, and the account type is displayed. The following sections discuss how to manage restricting the retail windows.
