

## Edit segmentation

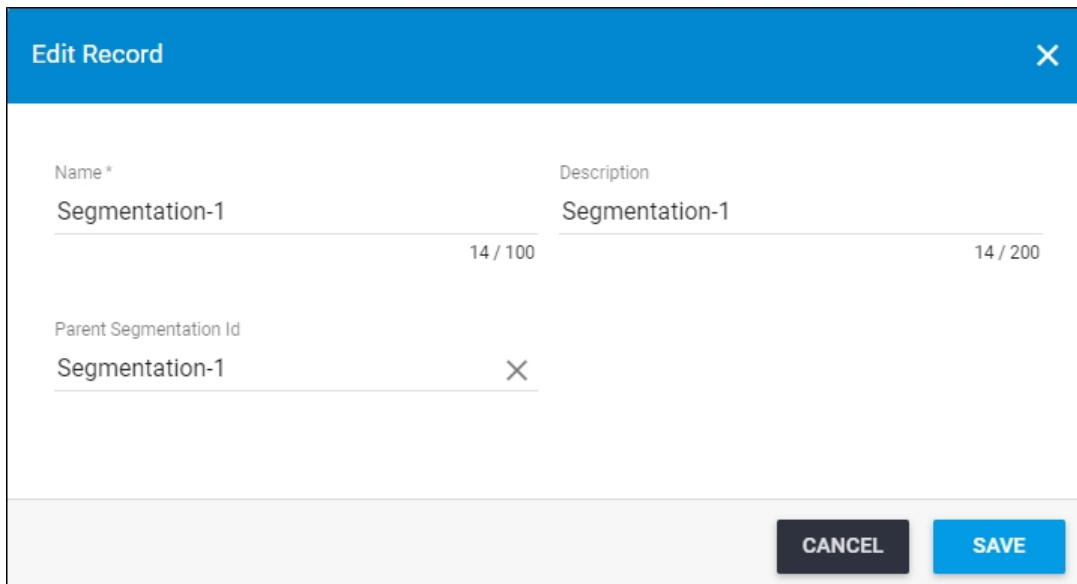

To edit a segmentation, follow these steps:

1. Select "Edit Record" from the Actions menu next to the segmentation you want, the following window appears:

The screenshot shows a dialog box titled "Edit Record" with a close button (X) in the top right corner. The dialog contains two input fields: "Name \*" and "Description". Both fields contain the text "Segmentation-1". Below the "Name \*" field, the text "14 / 100" is displayed. Below the "Description" field, the text "14 / 200" is displayed. At the bottom right of the dialog, there are two buttons: "CANCEL" (dark gray) and "SAVE" (blue).

If the selected catalog is a child catalog, another field appears for the parent segmentation as shown in the below example:

The screenshot shows a dialog box titled "Edit Record" with a close button (X) in the top right corner. The dialog contains three input fields: "Name \*", "Description", and "Parent Segmentation Id". The "Name \*" and "Description" fields both contain "Segmentation-1". Below the "Name \*" field, the text "14 / 100" is displayed. Below the "Description" field, the text "14 / 200" is displayed. The "Parent Segmentation Id" field also contains "Segmentation-1" and has a close button (X) to its right. At the bottom right of the dialog, there are two buttons: "CANCEL" (dark gray) and "SAVE" (blue).

2. Make the changes you want to any of the displayed information,
3. Click **Save**.
