This tab displays the colorway details such as its number, style number, and replacement number in case there is another colorway that replaces this one, and whether the article is locked or not, etc. It also lists the attributes and their values, the user who created and updated the colorway and the creation and update dates. The sequence in which attributes are displayed is specified at the catalog level. This is managed by the Trasix Support team.

The colorway creation, deactivation and reactivation dates are also displayed. If the colorway is New, only the created date field will show the date, while if the colorway is deactivated, the drop date value is shown in the Drop date field, and if the colorway is reactivated, the reactivation date field will show the respective date. You can edit the article

details by clicking  .

For inactive colorways, a few tabs are activated, such as delivery dates, sizes, history, and related. The other tabs cannot be viewed or activated.

For articles added to inherited catalogs, the article details page appears as shown below:

The screenshot displays the article details page for article 5033249-480. The page has a tabbed interface with the following tabs: Article, Delivery Dates, Resources, Images, Sizes, Prices, Segmentation, History, and Related. The 'Article' tab is currently selected. The article is identified as '5033249-480' and is marked as 'Active' with a green status indicator. In the top right corner, there is a red box highlighting the minus and plus buttons, which are used to un-assign or assign the article to the selected catalog. The main content area is divided into two columns of fields:

Field	Value
Article Id	406,143
Article Number	5033249-480
Model Id	94,359
Model Number	5033249
Model Name	Undeniable Sackpack
Color Code	480
Primary Color	Spice Red
Hex Code	#7E242F
Replacement Number	(blank)
Parent Replacement Number	(blank)
Status	Active
Drop Reason	(blank)
Parent Status	Active
Locked	False

At the bottom right corner, there is a red pencil icon for editing the article details.

You can un-assign the article to the selected catalog by clicking (-).

The following sections discuss how to assign delivery dates, add resources and images to articles, and set states, among other actions.
