

# Customers segmentation

As mentioned before, a segmentation is a group of articles to which customers are assigned to enables them to view and place orders against those articles. A segmentation is defined per catalog and you can assign a segmentation to articles and customers. You can select whether you want to view the customers segmentation in tabular or linear view using the following menu:

Select the catalog you want then select the view you want under **Customers Segmentation**, if you select Tabular View, the window appears as shown below:

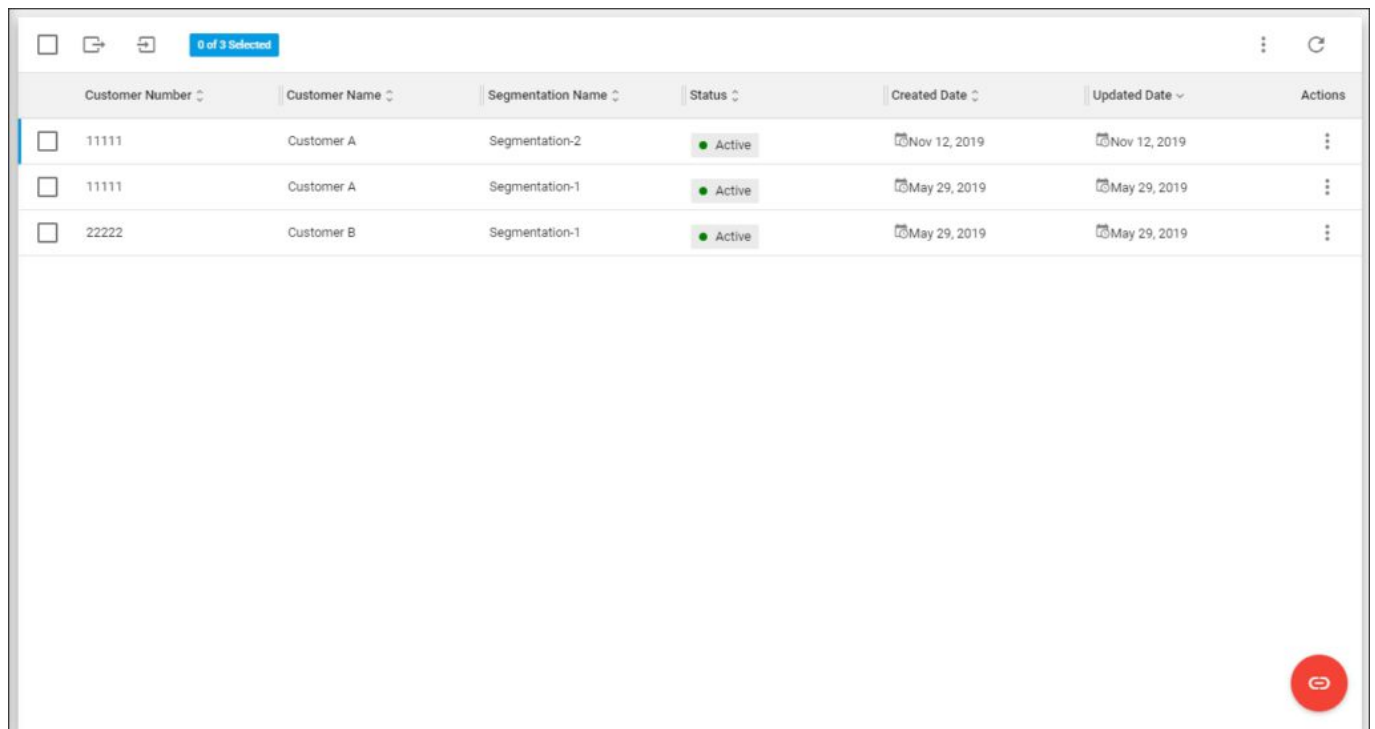

A screenshot of a web application window titled 'Customers Segmentation'. The window has a toolbar at the top with icons for selection, edit, and refresh, and a status bar indicating '0 of 2 Selected'. Below the toolbar is a table with the following columns: 'Customer Number', 'Customer Name', 'Last Updated', 'Segmentation-1', 'Segmentation-2', and 'Actions'. The table contains two rows of data.

Customer Number	Customer Name	Last Updated	Segmentation-1	Segmentation-2	Actions
<input type="checkbox"/> 11111	Customer A	Nov 12, 2019	Yes	Yes	
<input type="checkbox"/> 22222	Customer B	May 29, 2019	Yes	No	

The page lists the segmentations added for the selected catalog. For each one the customer

number, and whether the segmentation is assigned to the customer or not, according to the columns you have chosen to shown using the Column chooser.

If you select Linear View, the page appears as shown below:

The screenshot shows a web interface with a table of customer segmentations. At the top left, there are icons for a table, a plus sign, and a refresh icon, followed by a blue button that says "0 of 3 Selected". The table has seven columns: "Customer Number", "Customer Name", "Segmentation Name", "Status", "Created Date", "Updated Date", and "Actions". There are three rows of data. Each row starts with a checkbox, followed by the customer number, name, segmentation name, status (a green dot and the word "Active"), created date, and updated date. The "Actions" column contains a vertical ellipsis icon. A red circular button with a white refresh icon is located in the bottom right corner of the table area.

	Customer Number	Customer Name	Segmentation Name	Status	Created Date	Updated Date	Actions
<input type="checkbox"/>	11111	Customer A	Segmentation-2	Active	Nov 12, 2019	Nov 12, 2019	
<input type="checkbox"/>	11111	Customer A	Segmentation-1	Active	May 29, 2019	May 29, 2019	
<input type="checkbox"/>	22222	Customer B	Segmentation-1	Active	May 29, 2019	May 29, 2019	

The page lists the customers, for each one the customer name, segmentation name, status, and dates of creation and update. Each customer segmentation linked to a customer is displayed in a separate row.

The following sections discuss the different functions you can perform in each view, such as viewing customer segmentations, editing segmentations for one or multiple customers, or importing a file with segmentations for multiple customers.
