

Add seller style

To add a seller style, follow these steps:

1. Click the add button, the following window appears:

The screenshot shows a 'New Record' form with a blue header and a close button (X) in the top right corner. Below the header is a search bar with a magnifying glass icon and the text 'Search'. The form contains several input fields and dropdown menus:

- Style Name ***: A text input field with a red underline and a 'Field required' error message. A character count '0 / 28' is visible at the bottom right of the field.
- Attribute Group Name ***: A text input field.
- Size Scale**: A text input field.
- Sub-Category (End Use) ***: A dropdown menu.
- Fit Type ***: A dropdown menu.
- Gender ***: A dropdown menu.
- Product Family ***: A dropdown menu with an information icon (i) to its right.

At the bottom of the form, there are three buttons: **CANCEL** (dark blue), **SAVE** (light gray), and **SAVE AND NEW** (light gray).

2. Enter the style name,
3. Select the attribute group name,
4. Select the size scale, if you want,
5. Fill the attribute values for the style. If any of the attributes has a default value, this value is prefilled and can be updated,
6. Select the parent style type, if you want, if the parent style type has a value different than "Parent", you can select the parent style number, otherwise, the field is deactivated. When the parent style number, is selected, the Parent style name is displayed in its field,
7. Click **Save** to add the style and close the window or **Save and new** to add it and open a new window.

Note:

- If the seller for which the style is added has the “Automatic colorway numbering” slider enabled, you cannot enter the style number.
