

Add seasonless model attribute

To add a new seasonless model attribute, follow these steps:

1. Click  , the following window appears:

The screenshot shows a 'New Record' window with a blue header bar containing a close button (X). Below the header is a search bar with a magnifying glass icon and the text 'Search'. The main content area is divided into sections: 'Attribute Group Name *' with a red underline and 'Field required' text below it; 'Attribute' with a dotted line below it; 'Allowed Values' with the text 'Use enter to add value' and a text input field below it; and 'Criteria' with a text input field below it. At the bottom of the window are three buttons: 'CANCEL' (dark blue), 'SAVE' (light gray), and 'SAVE AND NEW' (light gray).

You can search for the field you want by typing any of its words in the Search field.

2. Select the attribute group name, attributes of the selected group are returned in the dropdown list,
3. Select the attribute you want,
4. Enter the allowed vlaues for the attribute, if you want,
5. Enter the criteria if you want,
6. Click **Save** to add the attribute and close the window, or **Save and New** to add it and open a new window.
