

Edit seasonless model attribute

You can edit a seasonless model attribute by updating the allowed values and criteria. To do so, click the attribute record or select Edit record from the Actions menu next to it, the following window appears:

The screenshot shows a dialog box titled "Edit Record" with a close button (X) in the top right corner. The dialog contains the following elements:

- A search bar with a magnifying glass icon and the text "Search".
- An "Attribute Name*" field containing the text "Agegroup" and a character count "8 / 200".
- An "Allowed Values" section with a list of values. One value, "Youth", is selected and shown in a grey pill with a close button (X). To the right of the pill is the text "Use enter to add value".
- A "Criteria" field.
- At the bottom right, there are two buttons: "CANCEL" (grey) and "SAVE" (blue).

Update the allowed value and criteria if you want, then click **Save**.
