

Activate allocation group

To activate any of the deleted allocation groups, follow these steps:

1. Select the groups you want to activate by following any of these methods:
 - Select “Activate Record” from the Actions menu next to the allocation group you want to activate,
 - Click the checkbox on top of the records to select all allocation groups then click the **Activate** button,
 - Click the checkbox(es) next to the group you want then click the **Activate** button,

The following message appears showing the number of selected groups:

You can click **Cancel** to keep the records inactive.

2. Click **Activate Record** to confirm activating the allocation groups. The allocation group status changes to “Active”.
