# Activate article blocking attribute

To activate any of the deleted attributes, follow these steps:

1. Select the attributes you want to activate by following any of these methods:

   - Select "Activate Record" from the Actions menu next to the attribute you want to activate,
   - Click the checkbox on top of the records to select all attributes then click the **Activate** button,
   - Click the checkbox(es) next to the attribute you want then click the **Activate** button,

The following message appears showing the number of selected attributes:

You can click **Cancel** to keep the records inactive.

2. Click **Activate Record** to confirm activating the attributes. The attribute status changes to "Active".
