

Edit model attributes

Through this option, you can update attribute values for all articles with the selected model number. These attributes are specified for the catalog.

To update any of the model level attributes, follow these steps:

1. Select the article with the model number you want, then click , the following window appears depending on the catalog model attributes:

The image shows a dialog box titled "Edit Model Attributes" with a blue header bar containing a close button (X). The dialog has a light gray background. It contains two attribute sections. The first section is labeled "Gender" and has a text input field with a vertical line cursor. Below the input field is a small square checkbox. The second section is labeled "Color" and has the text "Blue" entered in the input field. Below the input field is another small square checkbox. At the bottom right of the dialog, there are two buttons: "CANCEL" and "SAVE". The "SAVE" button is currently disabled (grayed out).

2. Update the values you want, the **Save** button is activated,
3. Click **Save**. Attributes for all articles with the same model number will be updated.
