

Edit individual articles

To update an article, follow these steps:

1. Select "Edit Record" from the Actions menu next to the article you want to update, or

view the article then click , the following window appears:

The screenshot shows a modal window titled "Edit Record" with a close button (X) in the top right corner. The form contains the following fields:

Article Number *	Model Number
118811	1181
6 / 20	4 / 200
Article Name *	SortOrder *
T-shirt	10
7 / 100	
Color *	Gender
White	Male
Category	Weight
Shirts	10

At the bottom right of the form are two buttons: "CANCEL" (dark grey) and "SAVE" (blue).

You can click **Cancel** to keep the article as it is.

2. Update any of the displayed information,
3. Click **Save**, a message appears on the page informing you that the record is updated successfully.

Notes:

- The sequence in which attributes are displayed is specified at the catalog level. This is managed by the Trasix Support team.

- Values for attributes that are set as model level attributes for the catalog cannot be updated in the above process. For more information, refer to “[Edit model attributes](#)”.
- If the article is for an inherited catalog and the retail window is set for the master catalog, the window appears as shown below:

The screenshot shows a dialog box titled "Edit Record" with a close button (X) in the top right corner. The dialog contains several input fields for editing record attributes:

Parent Shipment Start Date	Parent Shipment End Date
1/1/2018	12/31/2018
Parent Retail Window	Retail Window
Window 1(1/1/2018 12:00:00 PM-12/31/2018)	
SortOrder*	Color
1	Red
Gender	Category
Female	C

At the bottom right of the dialog, there are two buttons: "CANCEL" and "SAVE".

You can select the retail window of the inherited catalog article from the dropdown list which will only display the same windows or windows within the range of the master catalog articles.
