

Delivery dates

A delivery date is the date on which the article should be available in store. Multiple delivery dates can be defined for each catalog then assigned to articles.

You can select whether you want to view the delivery dates in tabular or linear view using the following menu:

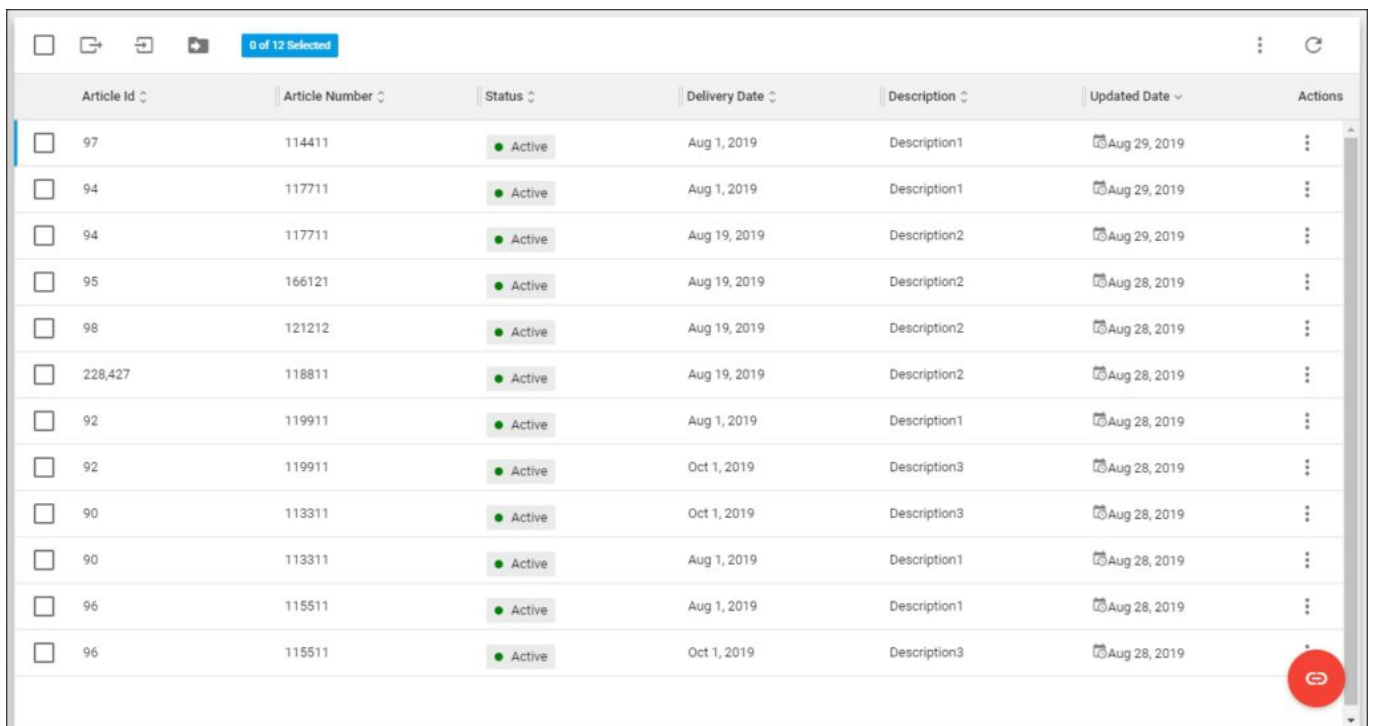

Select the catalog you want then click **Delivery dates**, if you select Tabular view, the following page appears:

A screenshot of a web application interface showing a table of delivery dates. The table has columns for 'Article Number', 'Jan 1, 2018', 'Feb 1, 2018', 'Last Updated', and 'Actions'. The 'Article Number' column is sorted in ascending order. The 'Last Updated' column shows dates for 'Jun 26, 2018'. The 'Actions' column contains a vertical ellipsis for each row. Above the table, there is a toolbar with icons for selection, edit, delete, and refresh, and a status bar indicating '0 of 10 Selected'.

The page lists the delivery dates added for the selected catalog. For each one, the article

number, whether the date is assigned to the article or not, and the update date is displayed according to the columns you have chosen to shown using the Column chooser. You can also view article attributes.

If you select Linear view, the page appears as shown below:
