

Resources

Resources in T1 can be different files related to articles such as product information, templates, technical specifications, and size charts, etc. Resource types are defined for each seller then resources are added to the system and can also be linked to articles. These resources are also displayed in T1 Studio.

Select the catalog you want then click **Resources** from the left side menu, the following page appears:

The screenshot shows the 'Resources' page in T1 Studio. The left sidebar is dark with a search bar at the top. The 'Resources' menu item is highlighted in blue. The main content area is a table with the following columns: Resource Name, Resource Id, Status, Updated Date, and Actions. There are five rows of data, each with a checkbox on the left and a dropdown menu on the right. A red circular button with a white plus sign is located in the bottom right corner of the table area.

Resource Name	Resource Id	Status	Updated Date	Actions
<input type="checkbox"/> Sample Order	142	Active	May 20, 2020	P
<input type="checkbox"/> test	141	Active	May 20, 2020	P
<input type="checkbox"/> Size Chart	83	Active	Jun 24, 2019	P
<input type="checkbox"/> Marketing Image	82	Active	Jun 24, 2019	M
<input type="checkbox"/> Product information	4	Active	Jun 2, 2019	P

The resources added to this catalog are listed. For each one, the resource Id, status, update date are listed.

If the catalog is inherited, resources can be copied from the master catalog and the page appears as shown below:

Resource Name	Resource Id	Status	Updated Date	Actions
JPG	0	Active	Feb 7, 2021	
Template1	0	Active	Feb 7, 2021	

You can view a resource, add a new resource, edit or delete any of the existing resources, upload multiple resources to the system and map resources to articles as mentioned next.
