

Assign image to article

To assign an image to its article, follow these steps:

1. Select “Assign Image” from the Actions menu next to the image you want, the following window appears:

The screenshot shows a dialog box titled "Edit Record" with a close button (X) in the top right corner. The dialog contains three input fields: "Article Id *" (with a red underline and "Field required" below it), "Image Type *" (with a grey underline), and "SortOrder" (with a grey underline). At the bottom right, there are two buttons: "CANCEL" (dark grey) and "SAVE" (light grey).

2. Click the article Id field and select the article number you want,
3. Click the Image Type field and select the type you want, the **Save** button is activated,
4. Enter the sort order, if you want,
5. Click **Save**, the image is assigned to the selected article and removed from the list of unmatched images.
