

# Filter orderline

To filter orderlines of a specific order, you can click **Filter Orderline** button, search fields appear as shown in the below example:

The screenshot shows a software interface with a sidebar on the left and a main content area on the right. The sidebar contains order details for order 11111-SHOP01-995685, including customer information, status, and values. The main content area features a table of orderlines with a toolbar above it. The toolbar includes buttons for Send, Fill Order, Column Picker, Filter Orderline, VAS, Undo, Remove Orderline, Copy Orderline, Paste Orderline, and Ret. The table has a header row with columns: Article Number, Ordered Quantity, Buyer Forecast, Buyer Forecast Va..., Seller Forecast, Seller Forecast Va..., and Unit Price. Below the header, there are five rows of orderlines, each with a checkbox, a VAS icon, an article number, and a unit price of AED 100. A red box highlights the filter fields above the table.

Article Number	Ordered Quantity	Buyer Forecast	Buyer Forecast Va...	Seller Forecast	Seller Forecast Va...	Unit Price
90753						AED 100
8736						AED 100
8691						AED 100
85643						AED 100
58836						AED 100

Depending on the column data type, filter fields differ, i.e. date range picker, or dropdown menu, etc.

Enter the values you need, orderlines matching the entered value is returned.
